# Hörmann Garage and Front Entrance Doors

## HÖRMANN IS ALWAYS COMMITTED TO EXCELLENCE: “In Engineering, in User Safety and in Design.”

All our products are third party tested to the highest standards and are certified to the high safety requirements and performance characteristics of the European Standard 13241-1.

This gives you the reassurance that your purchase of a Hörmann product is a safe investment.

We are also committed to our national network of Garage Door Specialist Distributors. These are independent businesses, who believe in customer service and have the skills to advise you on the best product for your property, also providing quality fitting and finishing.

Hörmann were voted 'Supplier of the Year' 9 out of the 14 years it was awarded by The Association of Garage Door Specialists. This trade association is now incorporated in to the Garage Door Installer and Distributor Group of The Door and Hardware Federation.

***“A great product performs at its best when fitted by experts.”***

### Door Operating Systems

Canopy Operating Gear

Retractable Operating Gear

Sectional Operating Gear

RollMatic Operating Gear

### WARRANTY

#### 1. Warranty Period.

The purchaser is granted a warranty covering the safe and reliable operation of the Hörmann garage door for a period of 10 years from the date of purchase.

However it is recommended that the springs, wire cables, tracks, guide rollers and hinges are inspected regularly - at least once a year. The purchaser is given a 5 year warranty against these items for normal use, whereby normal use constitutes no more than 5 operations (open/close) per day.

The warranty period for replacement parts is 6 months or for the remainder of the warranty period.

#### 2. Requirements.

Warranty claims are only accepted in the country where the garage door was purchased.

The product must have been purchased through our authorised distribution channels.

The warranty only covers damage to the contract object. The fully completed warranty card together with the receipt of purchase correspondingly substantiate your right to claim under warranty.

#### 3. Performance.

During the warranty period we undertake to rectify any and all defects to the Hörmann product which can be proved to be attributed to a material or manufacturing fault.

We pledge at our discretion to either exchange the defective merchandise for faultless merchandise, repair it or allow a reduction in price. Costs for dismantling, installation and carriage are also at our discretion.

Replacement parts remain our property.

The warranty does not cover damage caused through:

- Improper installation and negligent care and maintenance
- Improper initial and subsequent operation
- Negligent or wanton destruction
- External influences such as fire, water, salts, alkaline solutions, acids and any abnormal environmental influences
- Mechanical damage through improper transport and fitting
- Priming and other surface protection treatments
- Incorrect or too late applied surface protection treatments
- Repair by non-qualified persons
- Using non-Hörmann parts without the approval of the manufacturer
- Removal of the product number or making it unidentifiable.

For Electric operators the warranty period is 5 years on operator mechanics, motor and motor control systems, and 2 years on radio equipment, accessories and special systems. Batteries, fuses and bulbs are excluded from warranty.

For further details of our operator warranty please contact our office.

**We reserve the right to change specification without prior notification.**

The door leaf and optional box section steel frame are made of galvanised material that is polyester powder coated on both sides.

This finish is extremely durable and the standard colour is Traffic White RAL 9016.

Other colours are available listed in optional extras below.

To help maintain the aesthetic appearance of your door and prevent the build up of dirt, salt and other corrosive substances the door should be washed with a mild soap-based solution on a regular basis.

If the door is located near the coast it is important that the door panel and frame should be washed at least every 2 months.

We also suggest that all other components are brushed down on a regular basis to prevent the build up of dirt and dust etc.

The window frames on the Georgian and Ilkley doors are UPVC and white as standard.

These frames are a 2-part construction with the window material sandwiched between and frames screwed together from the back for security.

The finish of the Decograin doors is a synthetic foil-coated timber design outside (inside primer white).

The leaf frame and fixing frame is a matching powder coating.

**For further choice of exciting door designs in steel, traditional or contemporary, with a vast range of sizes and increased range of colours, ask your garage door specialist about the N80 Up-and-Over garage doors available to special order.**

Our Timber Garage Doors are constructed as an infill to fit into the Open-for-Infill Up-and-Over door frame, this gives the doors their rigid and durable construction.

The styles Measham, Jacobean, Tudor and Rutland are Cedar facings glued and fixed to exterior quality plywood.

The solid Cedar doors are 12mm tongue and groove boards constructed as an infill.

Cedar is organically grown with natural colour and grain variations; this is a feature of Cedar.

We make every effort to harmonise the effect where possible, by hand matching the component parts used in construction.

Please note a uniform overall grain pattern cannot be guaranteed.

#### Protection (Basecoat)

All our timber doors are supplied with a dip immersion coat of Sikkens WP560 Colour ref 006 Light Oak; this coating is for temporary protection only.

If purchased in this temporary finish, please ensure that a full specification of finishing coats are applied immediately before or after installation to all exposed surfaces - inside as well as outside - with a Sikkens or similar finishing coat system.

**A fully finished option is available, please see options below.**

**For further choice of exciting door designs, traditional or contemporary in Nordic Pine and Hemlock, with a vast range of sizes, ask your garage door specialist about the N80 Up-and-Over garage doors available to special order.**

# Roller Garage Door RollMatic

Including Operator

## Product Description

### Roller garage door RollMatic product description

#### General

Spring-compensated roller garage door with integrated arrestor kit for private applications. Only for use with a Hörmann operator RollMatic.

#### Frame

- Aluminium extrusion profile side guides with integrated plastic runners. Coating in door curtain colour. Lintel cladding made of sheet steel in door curtain colour.
- Barrel casing and side cladding made of sheet steel. Coating only in Grey white, based on RAL 9002.

#### Door Curtain

Rolled aluminium profile foamed with 100% CFC-free polyurethane rigid foam, with integrated storm anchors, profile height 75 mm. Coloured versions with two-layer coil coating with a paint system based on a high-quality polyurethane refined with polyamide.

#### Surface coating

##### White or Colour

##### Interior and exterior of door curtain:

- Standard colours based on the RAL colour chart:

|                 |          |
|-----------------|----------|
| Traffic white   | RAL 9016 |
| Ruby red        | RAL 3003 |
| Steel blue      | RAL 5011 |
| Moss green      | RAL 6005 |
| Anthracite grey | RAL 7016 |
| Light grey      | RAL 7035 |
| Terra brown     | RAL 8028 |
| Jet black       | RAL 9005 |
| White aluminium | RAL 9006 |

##### Decograin

##### Exterior:

- Coated with UV-resistant synthetic foil with a timber design.
  - **Golden Oak** – medium brown, yellow and gold surface with vibrant oak character.
  - **Rosewood** – reddish-brown stripey timber design

##### Interior:

- Coating in brown

#### Counterbalance

Tension spring technology with patented multi-spring system.

#### Manually operated version

Door operation via chain hoist and interior/exterior handle.

#### Fittings and locks

Lockable bottom profile with two-point locking for manually operated doors.  
Integrated arrestor kit for doors with RollMatic operator.

#### Chamfered bottom profile with weather seal

Optional bottom profile to compensate for uneven floors (up to 300 mm height difference). Standard colour Jet black RAL 9005. Optional coating in door curtain colour (with the exception of Decograin).

#### Delivery

1 unit including operator/chain hoist  
(optional chamfered bottom weather seal as an extra packing unit).

### Operator RollMatic product description

#### Operator data

- 24 V DC gear drive
- Mains voltage 230-240 V AC, 0.5 kW
- Opening speed approx. 11 cm/s
- Operator always on left when viewed from inside

#### Control electronics

- In a separate housing
- Micro-processor control
- Automatic teach-in of the automatic safety cut-out and end-of-travel positions
- Soft start and soft stop
- Illumination
- Automatic timed closing, hold-open phase 30 seconds after activation
- Impulse control

#### Standard equipment

- With a 4-button mini hand transmitter HSM4 and a 2-button micro hand transmitter HSE 2 and integral receiver in 868.3 MHz. Each hand transmitter factory-coded individually from over 1 trillion combinations
- Connecting lead with plug
- Control buttons in cover of the control unit
- Integrated garage lighting with 2 minute light in control housing
- Quick release can be actuated from inside

#### Housing

- Plastic

#### Temperature range

- -20°C to +60°C

#### Note:

Installation of photocell is required if automatic timed closing is activated!

#### Window arrangement (optional equipment)

# Hörmann Roller Garage Door – RollMatic
